NIGHT STICK®
Life Depends on Light™

Tactical Flashlight

Rechargeable - Multi-Function

POLYMER HOUSING

High

Medium

Low

Strobe

These compact rechargeable multi-function polymer tactical flashlights use a CREE® LED rated at 200 lumens that works in conjunction with a high-efficiency deep parabolic reflector to create a usable beam rated at 210 meters. The tail-cap switch provides momentary or constant-on functionality, a set of user-selectable high, medium or low-brightness settings as well as a disorienting strobe. Power comes from a rechargeable Lithium-ion battery and includes a CR-123 Battery Carrier for backup battery power (CR-123 batteries not included).

CE RoHS

200 *Lumens*

- 3 Hours run-time
- Momentary or constant-on, 3 brightness levels & strobe
- 210 Meter beam distance
- Glass-filled nylon polymer housing

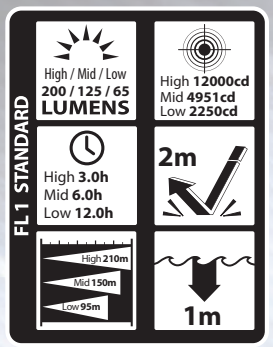
FEATURES: ALL MODELS

- CREE® LED technology – 50,000 + hours LED life
- Momentary or constant-on plus 3 brightness levels & strobe
- Sharp focused beam
- Glass-filled nylon polymer housing
- Aircraft-grade 6061-T6 aluminum tail-cap with type 3 hard anodized finish
- Non-slip grip
- Large textured tail-switch
- 1.25" Head diameter accepts 3rd party filters
- Waterproof
- Impact & chemical resistant
- Powered by rechargeable Lithium-ion battery (included)
- Can also be powered by two CR-123 Batteries (not included) using the CR-123 Battery Carrier (included)
- Available in black, tan & yellow
- Limited Lifetime Warranty*

Handheld

SPECIFICATIONS

- Lumens: high-200, medium-125, low-65, strobe-180
- Run-time: high-3 hrs, medium-6 hrs, low-12 hrs, strobe-5 hrs
- Recharge time: 4 hours (typical)
- Beam distance: 210 meters
- Water rating: IP-X7 waterproof
- Drop rating: 2 meters
- Length: 6.25in, head diameter: 1.25in, handle diameter: 1.035in, weight: 5.1oz



INCLUDED

- Flashlight
- Rechargeable Lithium-ion battery pack
- Wall / vehicle mountable charger
- AC power supply
- 12 V DC power supply
- CR-123 back-up battery carrier
