4 LED Multi-Function

NIGHTSTICK[®] PRO

Life Depends on Light™

Tactical Hands Free Pocket Light with Strobe

Designed specifically for hands free illumination while working, hunting or searching. The four high output LEDs are ideal for standard illumination plus enhanced viewing in very low light levels, viewing for blood identification and high contrast in darkness. The strobe function can be activated for all colors, adding an extra dimension of user safety. Very light weight and easily clips to pockets, belt or web.
