FOR IMMEDIATE RELEASE

October 2015 | Wylie, Texas

Bayco Introduces 3 High Lumen AC-Powered LED Work Lights That Stay Cool to the Touch

Each 20W LED work light emits 2,200 lumens while retaining the ability to be tilted and swiveled independently

Bayco Products, Inc. today leveraged over 30+ years of industry lighting experience and ingenuity by announcing the introduction of three new Bayco branded models of high lumen LED work lights. The all new Bayco **SL-1500 Series** LED Work Lights each crank out an impressive 2,200 lumens of light from a single LED, with one model producing 4,400 lumens using two fixtures on a six foot tripod stand.

Designed to be small and durable, the SL-1500 series lights are constructed with a rear multi-fin heat sink that keeps the fixtures cool to the touch while still possessing the ability to be tilted and swiveled independently allowing the user to position the fixture exactly where light is needed. Each work light has a tempered glass lens and is powder-coated for long-wear durability. The comfort-grip handles makes transporting and positioning these work lights intuitive and convenient. Specifics of each product in the series are as follows:

Bayco **SL-1512 2,200 Lumen Single Fixture Work Light**

- Single LED fixture produces 2,200 lumens from one centralized 20W LED
- Sturdy handle-equipped H-frame stand with single sealed push button switch
- 6 foot 18/3 SVT cord with grounded plug
- Average Retail Price: **\$ 48.95**

Bayco **SL-1514 2,200 Lumen LED Single Fixture Work Light w/Magnetic Base**

- Single LED fixture produces 2,200 lumens from one centralized 20W LED
- Heavy duty magnetic base attaches to metal surfaces for hands-free operation
- 12 foot 18/3 SVT cord with grounded plug
- Average Retail Price: **\$ 54.95**

Bayco **SL-1522 4,400 Lumen LED Convertible Dual Fixture Work Light on Tripod Stand**

- Dual light fixtures mounted on a 6' tripod stand produces 4,400 lumens
- Each light fixture can be pointed independently for maximum lighting
- Removable quick-release base from tripod allows for convenient low angle illumination
- 6 foot 18/3 SVT cord with grounded plug
- Average Retail Price: **\$ 114.95**

“For over 30 years the Bayco brand has been known for its durable high-quality lighting products and we couldn’t be more proud to introduce another extension to that legacy” says Russell Hoppe, Marketing Manager for Bayco. “The SL-1500 Series LED Work Lights are sleek, durable and provide convenience that is not only functional, but also affordable. With different three mounting options, the versatility

provided by a floor stand, magnetic base and tripod will exceed the expectations of what is possible in one single compact LED.”

ABOUT BAYCO®

Designed and manufactured by Bayco Products, Inc., Bayco is a global brand of professional lighting products and cord solutions including LED, fluorescent, halogen and incandescent lights as well as extension cords and reels that exceed the industry standards in performance, quality, user-safety, and value. The Bayco brand is recognized world-wide for its high-performance, high-quality, and high-value lighting solutions that span across virtually every industry.
