Its waterproof design in combination with its impact and chemical resistant aircraft-grade 6061-T6 aluminum housing, make the TAC-550 one of the toughest tactical lights around. The large tail-cap switch provides momentary or constant-on plus a user selectable set of 3 brightness settings and disorienting strobe. Running on a Lithium-ion rechargeable battery, the TAC-550 is rated at 3 hours of runtime. Meets requirements of NFPA-1971-8.6 (2013).
